## PRESS RELEASE – July 2007

### Agreement between FDI Logbox and CIBM

FDI Logbox has just signed an agreement with **CIBM (Camera Italiana Buyer Moda)**, an Italian association which is composed by the **100 most important owners of fashion stores in Italy**. These stores have had a turnover of **1 billions euros in 2006**.

The goal of CIBM is to give to the associated stores some useful tools to help them in their development. By this way, the agreement with FDI Logbox will allow to the associated stores of CIBM who are covered by FDI Italy and who respect fundamental principles concerning payments and professional transparency, **to get a label called DOCG (Denominazione di Organizzazione Controllata e Garantita)**.

This label, delivered only by FDI Italy, will be able to be used by the stores as a quality token, to convince or reassure their different suppliers, the Italian and or the international ones, to work with them.
